# Dalles Thinclads Host 3-Way Meet Friday

The discus thrower who thus far this season has established the best prep mark in Oregon, Jim Raske of Redmond, will lead the Panthers here Friday in a triangular track meet with Hermiston and hosting The Dalles.

Raske has hurled the saucer 164 feet, 11 inches and on four occasions has bettered the 162-foot mark. That isn't very far off the pace of Jerry Stubblefield of Oregon with a 167-4½ mark.

Other top marks by The Dalles and visiting track and field competitors are 10.1 in the 100-yard dash by Gary Cutting of Redmond, 23.6 in the 220 by Dave Desselbrett of Hermiston, 2:02.5 in the 880 by Ralph Bennion of Hermiston, 4:30.5 by Bennion in the mile, 21.1 in the low hurdles by Ed Sturza of Redmond and 21.7 by Loren Craber of The Dalles, 5-11 in the high jump by Mike Knerr of Hermiston and 11-4 in the pole vault by Ken Phillips of Hermiston.

But these marks and the ones listed below may be just stepping stones when it comes to the state meet at Corvallis May 25-26.

In another two and three weeks, subdistrict and district meets will be held, and the first and second place finishers in the districts will be going to state regardless of how good their marks are.

The district meet is one route to the state meet. The set of times, distances and heights as set down by the Oregon School Activities Association is something else again. Those not gaining the

Corvallis trip via the district route, must equal or better the OSAA's standards listed here provided there are not already two entrants from the same school competing in the same event.

These are the individual marks: high hurdles, 15.0; low hurdles, 20.1; 100-yard dash, 10.1; 220-yard dash, 22.5; 440-yard dash, 31.5; 880-yard run, 2:00; mile run, 4:30; relay, 1:31; shot put, 53 feet; discus throw, 150 feet; javelin throw, 180 feet; broad jump, 22 feet; high jump, 6 feet; pole vault, 12-4.

Many thinclads yet haven't reached their stride, as may be indicated below. And there are several factors which can be attributed to this: Starting late because of basketball season, illness strains and sprains, soft track, inclement weather.

These factors should be considered when reading the information listed below.
